

I testify fairly and honestly about the character, honesty and integrity of Mr. Leonard Degnan.

In the last 20 years living in the city of Lawrence I have belonged, worked and led most of the community organizations that make Lawrence a big city in values, and Mr. Degnan have always been immensely supportive both from his business as of him personally and his family, making Mr. Degnan a symbol of pride for our community.

To the person that apply justice in this case, I ask respectfully and humbly to take any decision based on the integrity and service given through the years by Mr. Degnan and recalling that lying and false witnesses are sometimes more convincing than the truth.

Let me remember that a lie repeated many times can confuse justice. Hoping God is present in your decision.

With deep respect,

  
53 Pleasant St
